

EXECUTIVE Recruit

Case Study

Key Achievements

- Executive Recruit's charity division swiftly and effectively filled the vital role of Interim Finance Manager for Age UK Kent Rivers during a significant organisational transition.
- The recruitment process highlighted Executive Recruit's capability to understand the specific needs of the non-profit sector, and their expertise in promptly identifying and placing highly qualified finance professionals.
- The successful candidate has exceeded expectations, evidenced by the extension of his contract twice, demonstrating both their satisfaction in the role and the value they have brought to Age UK Kent Rivers.

The Challenge

Finance support at a critical time

Age UK Kent Rivers was facing a pivotal moment, due to its unplanned TUPE of Age UK North West Kent staff and services, and successive and sudden merger with Age UK Faversham and Sittingbourne. This merger brought about an increased workload, particularly in the finance department, necessitating the urgent appointment of an Interim Finance Manager.

The role was critical in managing this additional workload and in assisting the organisation to gauge the future level of work.

Natasha Kent, Head of HR for Age UK Kent Rivers, reflects on the challenge: "In a period of significant growth and operational complexity, our finance department managed critical projects, including budgeting and resource allocation, alongside TUPE of services and staff from Age UK North West Kent, and a merger with Age UK Faversham and Sittingbourne. This created immediate needs for a skilled interim Finance Manager to effectively address these challenges. The chosen candidate offered strategic insight, improved financial processes, and implemented strong controls, guiding our finance team to meet objectives and enhance project success amidst these demanding conditions."

The Search

Efficiency, clear communication, and a deep understanding

The recruitment process involved the following steps:

- **Initial Consultation:** Understanding Age UK Kent Rivers' specific needs.
